Kehlani - Jealous (feat. Lexii Alijai)

Tom: G

[Primeira Parte]

Pretty soon I'ma take your phone Bm D Or you should hide it in yo pockets until you get home Gbm Don't wanna see no tweets about the night we shared Bm Don't wanna hear reasons for it, baby I don't care Gbm Α You and I both know I'm not just anybody Bm And I regret bringing yo ass to all those after parties Gbm You enjoyed yourself too much and you ain't barely started I just can't invest in shit to end up broken-hearted [Refrão]

Gbm You stay taking pictures, pictures Rm Just too show them to your bitches, bitches Gbm Just so you can make 'em jealous Bm D Now I know where your head is Gbm Man you stay taking those pictures, pictures Bm Just to show them to your bitches, bitches Gbm Α So you can make 'em jealous Bm So now I gotta dead this

[Segunda Parte]

Gbm So lowkey, I just stay out the way Bm I built a lab up in the crib so I don't leave all day Gbm You always try to rush out when I need you to stay Bm But don't forget to post a pic of you with yo bae Gbm And by the way, I see right through it Bm I let you slide now cause I know you not use to it Gbm If this is the way it is, don't even put me through it I'm quick to cut it off, if you don't believe I'll do it [Refrão]
