

Keira Knightley - Coming up Roses

Tom: Gb
 Intro: Bbm Gb Bbm Gb
 When you were asleep
 And I was out walking
 The voices started to speak
 And they wouldn't stop talking
 There were signs all around
 It really got my mind racing
 You were right all along
 Something's gotta change
 Hold on
 Hold on they're not for me
 Hold on
 Cause everything's coming up.... roses,
 Roses....
 Now we're back on the street
 Found a song that's worth singing
 The blur that knows a defeat
 While your victory bell's ringing,
 My whole life's turned around
 For this thing you keep chasing
 You were right all along
 It's me who's got to change
 Hold on
 Hold on they're not for me
 Hold on
 Cause everything's coming up.... roses
 (Hold on, Hold on)
