

Kelly Clarkson - Not Today

Tom: B

Intro: ll Verses: (distorted)

Everybody says you're no good for me Nothin' but trouble is what you bring Everybody thinks you're out to get me Helpless little fool they must think I am

Everybody thinks that we're both crazy Well it's just my luck

[CHORUS:]

Is anybody out there
I'm standing here all alone
And I.. I just don't know
Is anybody this weird
Will someone ever get my twisted thoughts
My ways
I guess not today

Everybody says I'm no good for you Nothin' but trouble is what I bring Everybody thinks I'm out to get you Well it's just my luck

[CHORUS:] Is anybody out there

Acordes

I'm standing here all alone

[MIDDLE:]
And I.. I just don't know
Is anybody this weird
Will someone ever get my twisted heart

My ways I guess not today

You look like a mess
I'd like to know
How 'bout movin' just a little closer
I think maybe one day I..
I could love you

[CHORUS:]

Is anybody out there
I'm standing here all alone
And I.. I just don't know
Is anybody this weird
Will someone ever get my twisted thoughts
My ways
I guess not today

Not today I guess not.. today Not today Not today
