

# Kelly Clarkson - The War Is Over

Tom: G

G D  
I watch the days rush by me like a river  
Em C  
I shouldn't wait, but I'm scared to touch the water  
G D  
I let the phone ring, why won't you believe me  
Em C  
I wait for silence, takes a lot not to answer  
G D  
All I have to say is  
Em C  
You don't deserve me, you don't deserve me  
G  
I'm finally walking away  
D Em C  
Cause you don't deserve me, and you're not worthy

G  
And I won't let you pour me in  
D  
Because I know you're gonna win  
Em C  
(The war is over) but the war is over (The war is over)  
G  
And I won't fight you anymore  
D  
I never been so sure  
Em C  
(The war is over) cause the war is over

G D  
I used to let you paint a pretty picture  
Em C  
You got me caught up with your, you're my girl forever

So I forgive you, it felt good when you hold me

Yeah you owned me

Now you wish you had really known me

All I have to say is  
Em C  
You don't deserve me, you don't deserve me

I'm right here, I know you see me  
Em C  
But your words no longer defeat me  
G D  
In the night, when you're lonely
