   Verse 1:
\mathsf{G}
Bb Bb
You've got your mother and your brother, every other
                  C C
Under cover telling you what to say
You think I'm stupid

But the truth is, that it's Cupid
Baby, loving you has made me this way
Pre-Chorus 1:
                                   Bb Bb
So before you point your finger
                                              C
Get your hands off of my trigger
You need to know this situations getting old
And now the more you talk, the less I can take
Chorus:
I'm looking for attention, not another question
Should you stay or should you go?
```

Chorus x2

Acordes

```
Well, if you don't have the answer, why you still standing
here?
Hey, Hey, Hey, Just walk away
I waited here for you like a kid waiting after school
So tell me how come you never showed
I gave you everything and never asked for anything
And look at me, I'm all alone
So before you start defending, baby
Stop all your pretending
Pre Chorus 2:
I know you know I know
So what's the point in being slow,
"Let's get this show on the road today"
Guitar Solo: Play Chorus x4
Bridge:
G G, Bb Bb, C C
I want a love, I want a fire
To feel the burn, My desires
I want a man by my side, ot a boy who runs and hides
Are you going to fight for me, Die for me
Live and breathe for me
Do you care for me? Cause if you don't then just leave
