Am Em F C  
I don't wanna be another skeleton in your closet

C  
Another rose that you throw, 'cause you know that it ain't okay

Am Em F C  
Just a name on a stone in a row down the road forgotten

C  
'Cause I was falling fast, now I'm just a dash between two dates

Am Em  
And I don't wanna be another heart in your graveyard

F C  
In the cold, hard dirt that you throw down

Am Em F C  
I don't wanna watch you drive away in a black car to a new bar

Am Em F C  
So you can find another hopeless, broken girl in a little black dress

F C  
And you take her, break her, lay her heart to rest in peace

C  
Right here next to me

Am Em F C  
Maybe I was naive to believe you would never hurt me

Am Em F C  
But now I know why you hide in your darkest suit and shades

C  
You put on a show, so nobody knows your hands and your shoes are dirty

Am Em F C  
I guess you don't need a shovel to dig a grave

[Refrão]
