

Kenny Chesney - I Finally Found Somebody

Tom: A

VERSE I

I finally found somebody who lives to give
 Their love to me, only me. She takes away my
 Worries, shows me how true love's meant to be.
 What a relief.

CHORUS I

Now love don't hafta be a ball and chain or
 Somebody pullin on a puppy string, danglin'
 Ya around like ya got no mind at all. Love
 Don't fade when the dark days come, it hangs
 In tough til it sees the sun and I finally
 Found somebody who lets that love light shine
 On through.

VERSE II

I finally found somebody who welcomes me with
 Open arms into their heart. Thank God the search
 Is over. I found a four-leaf clover love, took me
 Long enough.

CHORUS II

Now love don't hafta be a ball and chain or
 Somebody pullin on a puppy string, danglin'
 Ya around like ya got no mind at all. Love
 Don't fade when the dark days come, it hangs
 In tough til it sees the sun and I finally
 Found somebody who lets that love light shine
 On through.
 Let's that love light shine on through
 A (play A until end of song)
 (Well I finally found somebody 4x)
