

# Kenny Chesney - There's Something Sexy About The Rain

Tom: D

Capo One

D  
There's something sexy about the rain  
G  
She said as it came pouring down  
A  
It feels like kisses on my skin  
G A D  
She spread her arms and spun around  
A D  
In a summer island storm  
G  
In a field of sugarcane  
A  
She taught me how and showed me why  
D  
There's something sexy about the rain  
G  
And sometimes it rained all night  
A  
And everything she did was perfect  
G A D  
And every way we were was right  
A D  
We loved like there was no tomorrow  
G  
Then suddenly tomorrow came  
A  
And it was raining at the airport  
G A D  
And kept on raining on the plane  
Bm G  
She only loved me for a season  
Em A D  
But my heart won't ever be the same  
Bm G  
Even now her love's the reason  
A D  
There's something sexy about the rain  
G

And sometimes when it's pouring down  
A  
I feel her kisses on my skin  
G A D  
I spread my arms and spin around  
A D  
And let that summer island storm  
G  
Hit me like a hurricane  
A  
It's like she's right here whispering  
G A D  
There's something sexy about the rain  
Bm G  
She followed me back to the city  
Em A D  
In a picture in my mind  
Bm G  
She's still young and she's still pretty  
Em A  
And even after all this time  
D  
There's something sexy about the rain  
G  
She said as it came pouring down  
A  
It feels like kisses on my skin  
G A D  
She spread her arms and spun around  
A D  
In a summer island storm  
G  
In a field, in a field of sugarcane  
A  
She taught me how and showed me why  
G A D  
There's something sexy about the rain  
Bm G  
She taught me how and she's still why  
A D  
There's something sexy about the rain  
D  
Outro: D (with ad-lib to fade)
