

Kenny Rogers - The Buckaroos

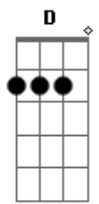

tom:
Intro: **D**
[Primeira Parte]
We've been riding all night just to get here
Don't you be throwing us out so soon
Across the whole damn south with cotton mouth
Now we got some drinking to do
We've been stuck on the range for 45 days
And that's a long long time
We ain't leaving this place till there's a smile on our face
And the whole room is a friend of mine

[Refrão]
So won't you line 'em all up and slide 'em all down
And let's hear the jukebox roll
We've been livin' on bacon and beans
Playin' the Jacks and the Queens
But we still got some money to blow
And the times ain't wild enough
We dig our spurs in the make 'em jump
We're ridin' shotgun with the devil, we're the buckaroos
[Solo]
[Final]
And the times ain't wild enough
We dig our spurs in the make 'em jump
We're ridin' shotgun with the devil, we're the buckaroos
We're ridin' shotgun, (shotgun, shotgun)
With the devil we're the buckaroos
We're ridin' shotgun with the devil, we're the buckaroos

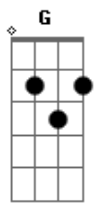

[Segunda Parte]
My name is Gideon Tanner, I've been a man of good manners
I won't dance 'til the ladies ask me
I simply tip my hat I smile and sit back

And then I wait for that friendly stampede
I started dancin' so tight that this girl turned white
I thought she must be passin' away
I said now don't let me down cause when I hit this town
I've got to live my whole life in a day
[Refrão]
So won't you line 'em all up and slide 'em all down
And let's hear the jukebox roll
We've been livin' on bacon and beans
Playin' the Jacks and the Queens
But we still got some money to blow
And the times ain't wild enough
We dig our spurs in the make 'em jump
We're ridin' shotgun with the devil, we're the buckaroos
[Solo]
[Final]
And the times ain't wild enough
We dig our spurs in the make 'em jump
We're ridin' shotgun with the devil, we're the buckaroos
We're ridin' shotgun, (shotgun, shotgun)
With the devil we're the buckaroos
We're ridin' shotgun with the devil, we're the buckaroos
