To me
 You are the hand that i reach for
 When i've lost my way
 To me
 You are the first star of evening
 The sun that warms my day
 Just as sure as i'm sure

There's a heaven
 This was meant to be
 No road is too long
 As long as you belong
 To me
 To me
 You are the truth i believe in
 I believe in you
 To me
 you are the love i have looked for
 My whole life through
