

# kenzie - Anatomy

tom:

C  
You called me today, on a random Tuesday  
Am  
Don't ask me why I still have your number saved  
C  
Hello stranger, it's been forever  
Am  
You're acting normal, but nothing's normal about

C  
Trust issues, and soaking tissues  
Am  
Lyn' to my sister, and sayin' "I don't miss you"  
C  
With no closure, just getting older  
Am  
But you still see me as a kid on your shoulders

Dm  
It's just anatomy, you're only half of me  
C  
But still you don't know me at all  
Dm  
You've been my missing piece, so why aren't you missing me?  
C  
Guess I meant less than I thought  
Dm  
It's just anatomy

Hate that you're half of me

C  
I hate when people say that our noses are the same  
Am  
So I went and got a change, like three-quarters of L.A  
C  
And I've dated shitty people, 'cause of how you treated mom  
Am  
Now I'm with somebody good, but I'm still feeling numb 'cause of

C  
Trust issues, I'm soaking tissues  
Am  
Lyn' to my sister, like "I never miss you"  
C  
Say you'll visit, empty promise  
Am  
God, I wish that for once you'd be honest

Dm  
It's just anatomy, you're only half of me  
C  
But still you don't know me at all  
Dm  
You've been my missing piece, so why aren't you missing me?  
C  
Guess I meant less than I thought  
Dm  
It's just anatomy  
Fm  
Hate that you're half of me
