

Kerli - Chemical

Tom: C

Open up my eyes and feel your heart beat
 As we lay with your body pressed against mine
 And know and know this very moment
 This will be this will be till the end of time
 I want you to know

This love is more than chemical
 It feels unusual
 And I can't get enough no-o-o
 This love is more than chemical
 And we're unbreakable
 Will be forever more
 More than chemical

(Dm Am G)

Everytime the darkness fall around me
 I can feel you move beneath my skin
 And something strange is happening inside me
 Don't know where you ending I begin
 I want you to know

This love is more than chemical
 It feels unusual
 And I can't get enough no-o-o
 This love is more than chemical
 And we're unbreakable
 Will be forever more
 More than chemical
 More than chemical
