

# Kevin Kaarl - Good Times

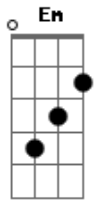

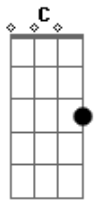

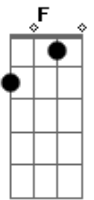

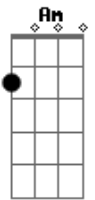

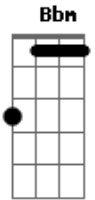

tom: **Bbm** (forma dos acordes no tom de **Am**)  
 Capostraste na 1ª casa

I want a heart  
 For me, for me  
 That changed my world  
 I can finally live in peace

I want to live  
 In this town, in this town  
 With my girl, with my girl  
 To find the way really low

( C F C F )  
 ( C Am Em C )

## Acordes

I've been looking to  
 To stop, to stop  
 Crying in the night  
 In the morning, in the day All the time  
 In the morning, in the day All the time  
 I think I've found the place  
 Where we can live forever  
 Where I can feel much better  
 Where my heart can find the way  
 To feel that good times have no end  
 To feel that good times have no end
