

Kevin Kaarl - Good Times

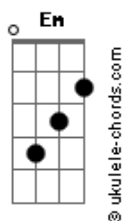

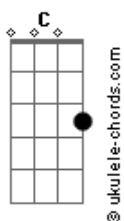

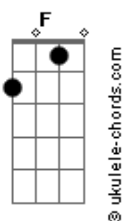

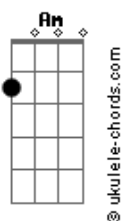

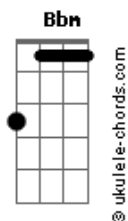

tom: **Bbm** (forma dos acordes no tom de **Am**)
 Capostraste na 1ª casa

I want a heart
 For me, for me
 That changed my world
 I can finally live in peace

I want to live
 In this town, in this town
 With my girl, with my girl
 To find the way really low

(C F C F)
 (C Am Em C)

Acordes

I've been looking to
 To stop, to stop
 Crying in the night
 In the morning, in the day All the time
 In the morning, in the day All the time
 I think I've found the place
 Where we can live forever
 Where I can feel much better
 Where my heart can find the way
 To feel that good times have no end
 To feel that good times have no end
