

# Kevin Quinn - Best Thing Ever

tom:

D

D

I never imagined I would be here

I couldn't have planned it

Couldn't have worked it out

I didn't believe it when they said it

Everything's about to change

[Segunda Parte]

And now I'm facing all of my fears

And there ain't nothing gonna keep me down

Oh a little love was all I needed

Never gonna be the same

[Pré-Refrão]

Right, right, right where I wanna be

I, I, I don't ever wanna leave

[Refrão]

There's nothing better, we're feeling alright

Dancing to the beat of the time of our lives

Together, hey!

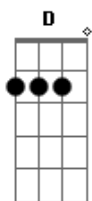

This is the best thing ever

There's nothing better, we're out in the light

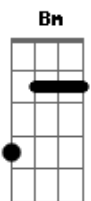

Moving to the rhythm of the time of our lives

Woah, woah-oh, oh, oh, oh

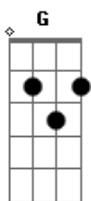

## Acordes

This is the best thing ever

Woah, Woah

Woah, Woah

Woah, Woah

[Ponte]

Under these stars God's love shines down

No skies have ever been so clear

This is what life is all about

I found myself right here

[Refrão]

There's nothing better, we're feeling alright

Dancing to the beat of the time of our lives

Together, hey!

This is the best thing ever

There's nothing better, we're out in the light

Moving to the rhythm of the time of our lives

Woah, woah-oh, oh, oh, oh

This is the best thing ever

Woah, Woah

Woah, Woah

Woah, Woah

The best thing ever
