

# Khalid - Free Spirit

Tom: C  
Intro: C7 Am7

C7  
We were running onto something  
And we didn't say forever, but it's all we wanted  
Am7  
You were so in love with simple things  
And now we're searching for the fire dripped in kerosene  
F7M  
I've been loving more, living less  
Off of highs and lows, so obsessed  
G  
Couldn't get nothin', but we're never running out  
[Refrão]

C  
We'll be free spirits, free spirits  
Am7  
Can you hear me calling?  
Oh, it's all or nothing  
F7M  
When you're free spirits, free spirits  
G  
Can you hear it calling?  
'Cause I don't wanna live and die alone, don't let me go

C7  
Is this Heaven or Armageddon?  
I'll be gettin' high with you to watch the endin'  
Am7  
We were drownin' down our memories  
A cemetery full of bottles, man, that liquor bleed  
F7M

When you're loving more, caring less  
It's the highs and lows with no regrets, oh  
G  
And we wanted it all then, but we're never running out  
[Refrão]

So tell me when you're falling  
No, I can never doubt your love  
Am7  
Can you hear me calling?  
Is it everything you're dreaming of?

Leave it all on the night  
As long as you're not leaving me behind

On your heart, your heart, ah
