

Khalid - Free Spirit

Tom: C
Intro: C7 Am7

C7
We were running onto something
And we didn't say forever, but it's all we wanted
Am7
You were so in love with simple things
And now we're searching for the fire dripped in kerosene
F7M
I've been loving more, living less
Off of highs and lows, so obsessed
G
Couldn't get nothin', but we're never running out
[Refrão]

C
We'll be free spirits, free spirits
Am7
Can you hear me calling?
Oh, it's all or nothing
F7M
When you're free spirits, free spirits
G
Can you hear it calling?
'Cause I don't wanna live and die alone, don't let me go

C7
Is this Heaven or Armageddon?
I'll be gettin' high with you to watch the endin'
Am7
We were drownin' down our memories
A cemetery full of bottles, man, that liquor bleed
F7M

When you're loving more, caring less
It's the highs and lows with no regrets, oh
G
And we wanted it all then, but we're never running out
[Refrão]

So tell me when you're falling
No, I can never doubt your love

Leave it all on the night
As long as you're not leaving me behind
