

Kick Strike - You Come Too Late

tom:

G
Its hard to say, you came too late

G Am C Em
Now and always lost in your time
I tried to rescue what was good about you

G Am Em
And every day, you are the same

G Am Em
Now and always lost in your lies
I held your hand you let go again

C
In your world I stay outside

G Am Em
Too rushed to stay you run away

G Am C
There's so much you missed to find
You try to rescue what was good about you

G Am Em
Day after day walking with hate

C
You leave everything behind

G Am Em
You look at your hands, regret it again

C
In the end you are outside

Em C
Its so useless

G Am
Some things never change

Em C
And so aimless

G Am
My hope going away

G Am Em
I try to save you hard again

C
This is surely my waste day

G Am C
Never wanting to be last

But you always come too late

G Am Em
Too rushed to stay you run away

C
There's so much you missed to find

G Am Em
You try to rescue what was good about you

G Am Em
Day after day walking with hate

C
You leave everything behind
