

## Kid Rock - Born To Free

tom: Α [Refrão] Fast, on a rough road riding High, through the mountains climbing Deep into my eyes. twisting, turning further from my home. Young, like a new moon rising Fierce, through the rain and lightning Calm facing danger Wandering out into this great unknown. And I don't want know one to cry, but tell em' If I don't survive ??? Free, like a river raging Strong, if the wind I'm facing. Chasing dreams and racing fathered time. [Refrão] Deep like the grandest canon, Dbm Wild like an untamed stallion. If you can't see my heart you must be blind. [Refrão] You can knock me down and watch me bleed Acordes
