

## Kina Grannis - In Your Arms

```
Tom: C
Intro: C Am
Verso 1:
Hush now, let's go quiet to the park where it first started
Cold night, us lying in the dark
I felt my heart was trying to find a place for you to stay
            ( G )
A place where I'd feel safe
Refrão:
Anything we have known
Anything we've forgotten
In the rain, in the dark we'll lay
In your arms, in your arms I'll stay (x2)
Verso 2:
Take my hand, let's go into the trees
Behind the branches, falling on our knees
                                             ( G )
I remember feeling like this part of us would never change
Refrão:
