

# King Princess - Little Bother (feat. Fousheé)

tom:

Intro: E7M B Bm

[Primeira Parte]

I guess  
I'm screwed from a past life

And that's why I lost you  
But if I think of the timeline

You were exhausting  
But we couldn't have said goodbye

Yeah it wasn't an option  
While you're watching the paint dry  
Remember you lost me

[Refrão]

And do you feel like you should  
You could have tried a little harder  
It didn't make me feel good  
I was just a little bother

[Segunda Parte]

One, two, three  
Was I a crumb on your sleeve

You were something like a God to me  
I can't lie it got to me

People suck, never us  
You were my favorite person, it burns

I'm separating the words

You're not who you said you were

I put you up with the birds

This love shit is for the birds

I found peace

Remember you lost me

[Refrão]

And do you feel like you should  
You could have tried a little harder  
It didn't make me feel good

I was just a little bother

[Ponte]

I guess I'll see you around

(I guess I'll see you around)  
I guess I'll see you around

(I guess I'll see you around)

I guess I'll see you around (I guess I'll see you around)

You're a little bother

I guess I'll see you around

(I guess I'll see you around)

I guess I'll see you around

(I guess I'll see you around)

I guess I'll see you around (I guess I'll see you around)

You're a little bother

[Refrão]

And do you feel like you should

You could have tried a little harder  
It didn't make me feel good

I was just a little bother(Refrão)
