

King Princess - Talia

Tom: D

^D
Hey, my love

I buried you a month or two ago
I keep thinking that you're ^{Em} standing on my floor
That you're waiting there for me
^D
Hey, my love

You've walked out a hundred times, how was I
Supposed to know this time that you wouldn't call
^D
That you wouldn't come home

But four drinks I'm wasted
^G I can see you dancing, I can lay down next to you
^{Bm}
At the foot of my bed
^A
If I drink enough
^G I can taste your lipstick, I can lay down next to you
^{Bm}
But it's all in my head
^{Gm}
If I drink enough I swear that I will wake up next to you

^D
When you left, you took my bestest friends away
And in this mess, I think I dug a thousand graves
^{Em}
Talia, I hope you're happy anyway
^D

But four drinks I'm wasted
^G I can see you dancing, I can lay down next to you

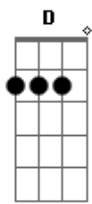

^{Bm}
At the foot of my bed
^A
If I drink enough
^G I can taste your lipstick, I can lay down next to you
^{Bm}
But it's all in my head
^{Gm}
If I drink enough I swear that I will wake up next to you

^G ^{Gbm} ^{Bm} ^A ^G
Broke my heart now I'm wasting my time on you
^G ^{Gbm} ^{Bm}
Broke my heart now I'm wasting my time

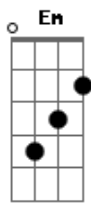

^A
If I drink enough
^G I can see you dancing, I can lay down next to you
^{Bm}
At the foot of my bed
^A
If I drink enough
^G I can taste your lipstick, I can lay down next to you
^{Bm}
But it's all in my head

But four drinks I'm wasted
^D ^G I can see you dancing, I can lay down next to you
^{Bm}
At the foot of my bed
^A
If I drink enough
^G I can taste your lipstick, I can lay down next to you
^{Bm}
But it's all in my head
^A ^{Gm} ^D
If I drink enough I swear that I will wake up next to you
