

# Kings Of Convenience - Homesick

Tom: **Db**

(com acordes na forma de **C** )

Capotraste na 1ª casa

Capo 1

Intro:

Fingerpick chords like the end of the intro. If that makes any sense at all.  
If not, I apologize. It's not too hard to figure out, though.  
JUST LISTEN TO THE **S**ONG.

in this order:

**C**?- 032013

Am- you can play that

F- and that

G- that too

For the other part of the verses, "two soft voices..", it's something like

C, Am, F, **C**

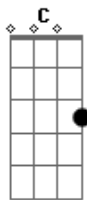

Am, C, **F**

when they sing "a song for.." at the end, I generally fingerpick some chord I forgot the for. It's this: xx3210. **F** something.

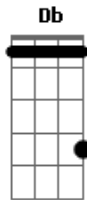

Please understand that taking my advice is not always the best idea, as I am not the of person to be completely thorough in these endeavors, and have, as you can see, left most the playing up to you.

Damn, that was a long sentence.
