Abm7 **Db7**
One more time

F#7M **Ebm7**
Let's say you give me one more time

Abm7 **Db7**
One last chance to speak again

F#7M **Ebm7**
Let's start from what we left unsaid

Abm7
And here we go Brave enough

To go climbing a wall
Db7
So high that no sunlight

Is seen through winter
F#7M
Brave enough to go traveling

Around the world
Ebm7
Without money to eat or sleep for

Abm7
Seeing what you can

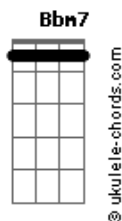

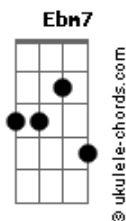

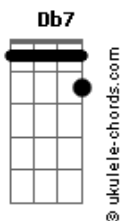

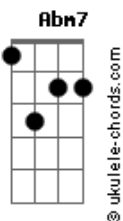

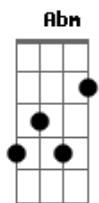

Do with your hands and feet
Db7
I feel there is no question about it
F#7M
Almost anything you can imagine
Ebm7
Almost any goal You will get there

(**Abm7** **Db7** **F#7M** **Ebm7**)

Abm7
I wish you had been more of a talker
Db7
Not the kind that is

Just flapping his lips
F#7M
And not the kind that looks away
Ebm7
But learns through his eyes

Acordes

When somebody is watching

Abm7
Maybe you could have told me
Db7
There was a world on

Your shoulders that needed lifting
F#7M
Maybe I could have helped you with that
Ebm7
The weight is not easy I know
Bbm7
But you never know

Db7 **Abm7**
I thought your shoes were good
F#7M
I thought they would take you
Bbm7
To the end of any road
Db7 **Abm7**
I thought your back was strong
F#7M
I should have carried you to the top
Bbm7
Of the rocky I trail
Db7
I should have carried you to the top
F#7M
Of the rocky trail

Abm7 **Db7**
How am I to know about your problems

And your load
F#7M
I am blind to what you show
Ebm7
I am waiting to be told I never ask
Abm7 **Db7**
How am I to know about your problems

And your load
F#7M
I am blind to what you show
Ebm7 **F#7M**
I am waiting to be told I never ask
