C F  
Rake at the Moon where the river flows  
F C C  
Cut from the cloth of the winter's cold  
C F  
Bound by the voice that no one hears  
F C  
I've been around in a way for years  
C F  
Stray from the hear the more that you know  
F C  
All gussied up with no place to go  
C F  
Table side the one of your dreams  
F C  
Get what you want not what you need

( C F C )

C F  
Parlor games and 6 o'clock news  
F C  
Hands of a stranger touching you  
C F  
Wide awake incased in a dream  
F C  
Everything is not as it seems  
C F  
All your time is heaven sent  
F C  
Days and the nights all start to blend  
C F  
It's not like this town to set you free  
F Em  
The more you look the less you see

Em  
The tables set the rose is out  
F  
You know what it is  
Em  
Miles away from places you have been

The call was made to pull the shades  
F  
The start of something new  
Still nothing makes me feel the way

C  
You do, you do, you do, you do  
F  
You do, you do, you do, you do  
C  
You do, you do, you do, you do  
F  
You do, you do, you do, you do

C F  
The ones they say have come here before

F C  
All gather 'round in the corridor  
C F  
I can't seem to place your name  
F C  
I know the face that I can't explain  
C F  
In my mind you're everything  
F C  
Lips don't move but voices still ring  
C F  
The light inside has lost its glow  
F Em  
The more you see the less you know

Em  
The tables set the rose is out  
F  
You know what this is  
Em  
Miles away from places you have been

The call was made to pull the shades  
F  
The start of something new  
Still nothing makes me feel the way  
C  
You do, you do, you do, you do  
F  
You do, you do, you do, you do  
C  
You do, you do, you do, you do  
F  
You do, you do, you do, you do

Em  
The seasons change  
My mind erased  
F  
The stars all fade

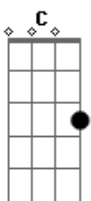

C  
But one remains the same  
C  
You do, you do, you do, you do  
F  
You do, you do, you do, you do

Em  
Must I your grace  
Unveil the face  
F  
Only to say

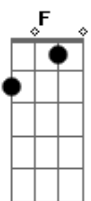

C  
Nothing takes the place  
C  
You do, you do, you do, you do  
F  
You do, you do, you do, you do  
C  
You do, you do, you do, you do  
F  
You do, you do, you do, you do

[Final] C
