

# Kings Of Leon - Family Tree

Tom: **D**

Pra fazer o riff do baixo:

**E**  
I'll tell you now that I don't understand  
Why everybody gives a big hot damn

**A**  
Oh where I'm going to

**E**  
Don't mean a thing to you

**E**  
I see you sitting in your masquerade  
I'd love to pour you some of my lemonade

**A**  
And get it off all right

**E**  
We'll call it an early night

**B** **A**  
I know you hate me so, but I ain't gonna go

**E**  
I'm staying here all right

**E**  
I am your family tree  
I know your **A** to Z  
This is a secret proposition lay your hands on me

**A** **E**  
Nothing to talk about darlin', it's all make believe

**B** **A** **E**  
I see your hands are shaking, but my heart is breaking me  
down

**E**  
It's a pretty day and I'm gonna get all right  
I lost my head and you ain't nowhere in sight

**A**  
I see you got it all wrong  
**E**

I got no calls on my phone

**B** **A**  
I'll just keep holding out, until I find a doubt  
**E**

That you ain't coming home

Wooooo!

**E**  
I am your family tree  
I know your **A** to Z  
This is a secret proposition lay your hands on me

**A** **E**  
Nothing to talk about darlin', it's all make believe

**B** **A** **E**  
I see your hands are shaking, but my heart is breaking me  
down

I am your family tree  
I know your **A** to Z  
This is a secret proposition lay your hands on me
