

Kings Of Leon - True Love Way

Tom: **D**

I looked everywhere for a decent tab and there weren't any superb ones anywhere. I to have a bash at learning it and here's the result... if it's wrong don't blame me, I wasn't trying.

Standard Tuning
Guitar 1 - Main Riff / Intro

Guitar 2 - Harmonics / Intro

Guitar 1 - Verse

Guitar 2 - Verse - Come in After 2 Bars. (Listen to the Strumming pattern.)

Chorus - Both guitars (I think)

Guitar 1 - Solo

Acordes

Then all you want is some vacant guitar sounds over the bass...

Try slide on the 7th to 9th frets on your **D** string...

The ending is just those 2 notes repeated.

Ragoo

Guitar 1 - Main Riff

Guitar 2

Guitar 1

Chorus
Guitar 2

Guitar 1

The last bit is hard to suss out, but that's about all I have time for. Try up around 14th fret on your e string to get an idea of what you ought to be doing. Sorry this isn't complete 2 tabs but hey, it's 1 and a bit for the price of 1. (Which Ironically on this site is free :D)
