

kiran + Nivi - 8 Billion People

tom:

Intro: Em G C

There are eight billion people in the world
 But not a single one who understands
 I might as well be the only living girl
 Wanna be happy but I feel embarrassed to say that I'm lonely
 Imagine someone caring for me every day and night
 But now I don't have anyone to ask if I'm alright
 Stop saying I'm pretty Cause pretty girls don't spend Friday nights
 Alone in the kitchen
 Stop saying I'm funny Cause funny girls don't lock themselves in a
 Room to cry
 Doesn't matter how many friends I have. Cause truth is, I'll sit
 Down at 12 A.M. and the only face I see is me
 If only eight billion people could help a bit
 Tryna cope with all the insecurities
 Seeing my friends having the best lives don't make me feel better
 Imagine someone caring for me every day and night (Every night)
 But now I don't have anyone to ask if I'm alright
 Stop saying I'm pretty Cause pretty girls don't spend Friday

 If only eight billion people could help a bit
 Crowded parties, busy streets Hanging with my friends
 Fireworks on New Year's Eve
 But I still feel so lonely
 Long drives in his Benz, watching sunsets Seeming like it's perfect
 Family time on the weekends
 But I still feel so lonely But I still feel so lonely
 Stop saying I'm pretty Cause pretty girls don't spend Friday nights
