tom:

F

If I had a dollar for every time they said

God wasn't gon? come through

I'd be a Millionaire

If I had a dollar for every time they said

God wasn't gon? come through

I'd be a Millionaire (A millionaire)

[Primeira Parte]

Mind, was about to lose my mind

But God came right on time

He made a way out, no way

End. I thought it was the end

But He stepped in again

And made a way out, no way, yeah

[Refrão 2]

God is good like that

Yeah, He's good like that

My God is good like that

He's good (hey)

God is good like that

Yeah, He's good like that

My God is good like that

He's good

[Refrão 1]

'Cause...if I had a dollar for every time they said

God wasn't gon? come through

I'd be a Millionaire, oh

(Tauren, preach it)

If I had a dollar for every time they said

God wasn't gon? come through

I'd be a Millionaire, oh

[Segunda Parte]

Wall, had my back against the wall

It looked impossible

But He made a way out, no way

(He made a way out of no way)

Life, was about to lose my life

He came and paid the price

And made a way out, no way

[Refrão 2]

God is good like that

Yeah, He's good like that

My God is good like that

He's good (How many of y'all know He's good)

My God is good like that (yeah)

Yeah, He's good like that (so good)

My God is good like that

He's good

Time for the bridge

[Ponte]

You can have your doubts but I can't deny

His faithfulness in my own life

(Hey, He made a way for me)

(Hallelujah)

You can have your doubts but I can't deny

His faithfulness in my own life

(Hey, He made a way for me)

(Ha, let's go)

[Refrão 1]

If I had a dollar for every time they said

God wasn't gon? come through

I'd be a Millionaire, oh (ha, sounds good)

If I had a dollar for every time they said
