Let's go somewhere

In one second, I can take you to where you want it

I know that you like it

If you want it

I got passion to devote to what you're liking

You like it, you wanna see me fallin'

You're killing me softly

I don't wanna lose you

My love has always been true

I won't deny that my fear of the night when you leave me

I know that you feel it too

[Pré-Refrão]

Oh, won't you give me your light?

(Give me that, give me that, give me that, eh)

I'll give you all that you like, boy

[Refrão]

You got me so in love

I've never been this possessive

I don't know how to quit

Boy te quiero

So call me yours (come boy)

I don't need no permission so (come say it)

I don't know how to quit

Boy te quiero

[Segundo Verso]

Give me one more day and night

I don't wanna stop it

Baby won't you stay the night?

Never hold back

I'ma get so high when you hold me tight

I'ma be the one, we make it in this twilight

We runnin' outta time

Last dance, I want it, want it, want it

(I want it now)

You're killing me softly

I don't wanna lose you

My love has always been true

I won't deny that my fear of the night when you leave me

I know that you feel it too

[Pré-Refrão]
