

Kiss - Don't Let Go

Tom: Bb

There was rain coming down

The first time I saw you

I Was stuck in my place

On a night just like this

I was seeing my future

When I looked in your face

I remember

As we lie here tonight

And you stare at the ceiling

Is there something you're feeling

You don't want me to know?

[Chorus]

Now that I've found what I'm after

And now that I gave you all my heart and my soul

Baby hold on like nothing else matters

Don't let go (don't you try walk under every love in the sky)

Don't let go (don't you think it over try and figure it out)

Don't let go, don't let go

[Verse]

Girl, I keep coming back

To the words that spoken

And the promise we made

If we let it slip away

And the vows are all broken

We'll regret it too late

Are you cryin', I see tears in your eyes

That you claimed didn't go there

Ab

But I can't help but wonder

Is there rain in your heart?

[Chorus]

Now that I've found what I'm after

And now that I gave you all my heart and my soul

Baby hold on like nothing else matters

Don't let go (don't you try walk under every love in the sky)

Don't let go (don't you think it over try and figure it out)

Don't let go, don't let go

[Solo]

As we lie here tonight

And you stare at the ceiling

Is there something you're feeling

You don't want me to know?

Now that I've found what I'm after

And now that I gave you all my heart and my soul

Baby hold on like nothing else matters

Don't let go (don't you try walk under every love in the sky)

Don't let go (don't you think it over try and figure it out)

Don't let go, don't let go

Don't let go (don't you try walk under every love in the sky)

Ooohhh

Now that I've found what I'm after

And now that I gave you all my heart and my soul

Baby hold on like nothing else matters

Don't let go

(Don't let go)

Now that I've found what I'm after (don't let go)

And now that I gave you all my heart and my soul...
