

# Kiss - I Can't Stop The Rain

Tom: F  
Intro: chords: F Bb C F Bb C

VERSE:

F  
Night falls on the city, finds me all alone.  
Bb  
Makes me wonder, should just go on home.  
F  
And I walk on up the stairs to see if you still there,  
Bb C  
would you mind if I found you alone?  
Bb C F  
Then a cold wind came calling,  
Bb C F  
strange how it knew me by name.  
F  
say the night will fade, but the pain's gonna stay,  
Bb  
makes me wonder, have you ever made love to me?

CHORUS:

F Bb  
I can't stop the rain,  
C F  
here it comes again.  
Bb  
Lightning,  
C F  
strikes across the sky.  
Bb G  
I can't stop the rain,  
F Bb  
here it comes again.  
C

Lightning, Bb C F  
only blinds my eyes.

VERSE:

F  
Ain't it sad when the only love I ever had, C  
Bb  
Just slips away, right through my fingers. C  
F  
Ain't it a shame when I think of your name, C  
Bb  
the only memory I have is of you

CHORUS:

F Bb  
I can't stop the rain,  
C F  
here it comes again.  
Bb  
Lightning, F  
C  
strikes across the sky.  
Bb G  
I can't stop the rain, Bb  
F  
here it comes again. C  
C  
It takes a witch,  
( 'cause lightning) Bb C F  
to curse that God damn sky.  
(only blinds my eyes?)
