Letra:  
=====

go...you gotta know    ".take it like a man.."    "But if you gotta

You tell me that you're leaving, and I'm trying to understand  
I had myself believing I should take it like a man  
But if you gotta go, then you gotta know that it's killing me  
And all the things I never seem to show, I gotta make you see  
Girl it's been so long, (tell me) how could it be  
One of us knows the two of us don't belong in each others  
company

."    "that it killin' me...."    "And all  
the things..

It hurts so much inside, your telling me goodbye, you wanna be  
free

"I gotta make you see.."

And knowin' that you're gone and leavin' me behind  
I gotta make you see, I gotta make you see, I gotta make you  
see

to 2nd verse

I still love you, I still love you  
I really, I really love you, I still love you

after 2nd verse(bridge) "I gotta make you see.."  
"I....."

People tell me I should win at any cost  
But now I see as the smoke clears away, the battle has been  
lost

fade in

I see it in your eyes, you never have to lie, I'm out of your  
life

gotta make you see..."    "I gotta make you  
see..."

Tonight I'll dream away and you can still be mine  
But I'm dreamin' a lie, dreamin' a lie, makes me wanna die

"I still....love you

'Cause I still love you, I still love you  
Baby, baby I love you, I still love you

"I    still love you    (I really, really)    Love you

And when I think of all the things you'll never know  
There's so much left to say

still....love you
