

## **Kiss - Naked City**

```
Tom: D
                                                                 Rhythm Fig. 9
  Standard Tuning
Key:
     = slide up
     = slide down
                                                                 Solo
١
h
     = bend (whole step)
h
    = bend (1/2 \text{ step})
    = bend (1 1/2 steps)
b
    = pre-bend
    = release-bend
    = tap with righthand finger
+
h
    = hammer-on
     = pull-off
                                                                 Outro solo
    = Vibrato
    = Natural Harmonic
\#(\#) = Trill
   = Artificial Harmonic
     = Dead notes (no pitch)
                                                                            < - - - 7x - - - >
P.M. = Palm mute (- -> underneath indicates which notes)
                                                                 NAKED CITY
(\) = Dive w\bar
                                                                 Gene Simmons/Robert Kulick/Pepe Castro/Vini Poncia
   = Release w\bar
    = Tap w\plectrum
                                                                 [Rhy. Fig 1 w/ Rhy. Fig 4]
                                                                 [Rhy. Fig 2 w/ Rhy. Fig 4]
Rhythm Fig. 1
                                                                 [Rhy. Fig 5 w/ End 1]
                                                                 All the victims have turned to stone, no one is happy, they're
                                                                 I'd sacrifice my social position tonight
Rhythm Fig. 2
                                                                 [Rhy. Fig 5 w/ End 2]
                                                                 In New York, millionaires, and lonely people with lonely
                                                                 stares
                                                                 I'm not lookin' for love and I'm lost in this night
Rhythm Fig. 3
                                                                 [Rhy. Fig 1 w/ Rhy. Fig 4]
                                                                 In the naked city (in the city) there are ten million stories
                                                                 (naked city)
                                                                 [Rhy. Fig 2 w/ Rhy. Fig 4]
Rhythm Fig. 4
                                                                 I'm not lookin' for pity (in the city) in this naked city
                                                                 (naked city)
    < - - 3x - - >
                                                                 [Rhy. Fig 5 w/ End 1]
                                                                 Street vampires in the night, young lovers and love at first
Rhythm Fig. 5
                                                                 sight
                                                                 This is my flesh and my fantasy [Rhy. Fig 5 w/ End 2]
                                                                 Older women with younger men, I've got a feelin' I'm in
                                                                 trouble again
                                                                 But I've got to live my destiny
Fnd 1
                                                                 [Rhy. Fig 1 w/ Rhy. Fig 4] (2x)
                                                                 In the naked city (in the city) it's a race with the devil
                                                                 (naked city)
Fnd 2
                                                                 All the pain and the sorrow (in the city) is there more
                                                                 tomorrow (naked city)
                                                                 [Rhy. Fig 3 w/ Rhy. Fig 4]
                                                                 In the naked, naked city (in the city) naked city
End 3
                                                                 [Solo over Rhy. Fig 6 w/ Rhy. Fig 7]
                                                                 [Rhy. Fig 8] (9x)
Rhythm Fig. 6
                                                                 Lonely people lookin' for someone, lonely people goin' their
                                                                 Lonely people lookin' for something, lonely people goin' their
   < - - - - - - 3x - - - - - >
                                                                 [Rhy. Fig 5 w/ End 2 and Rhy. Fig 9]
                                                                 In New York, millionaires, lonely people with lonely stares
Rhythm Fig. 7
                                                                 I'm not lookin' for love and I'm lost in this night
                                                                 [Rhy. Fig 2 w/ Rhy. Fig 4] (4x)
                                                                 In the naked city, there are ten million stories I'm not lookin' for pity in this naked city
   < - - - - - - 3x - - - - - >
                                                                 In the naked, naked city (in the city), it's a race with the
                                                                 devil (naked city)
Rhythm Fig. 8
                                                                 All the pain and the sorrow (in the city) is there more
                                                                 tomorrow (naked city)
```
