THIEF IN THE NIGHT  
Gene Simmons, M. Weissman

[Rhy. Fig 1]  
[Rhy. Fig 2]

[Rhy. Fig 5]  
Far off in the distance, a shape in the night, alright  
On a mission of mercy, if the price is right  
He tries to possess her and she bites

[Rhy. Fig 6]  
It's a ritual slaying, but the tables are turned, oh no  
And now he's prayin', but it's his turn to burn

[Rhy. Fig 1]  
Like a thief in the night - she breaks into his heart  
[Rhy. Fig 2]  
Like a thief in the night - she never leaves her mark

[Rhy. Fig 5]  
In a hotel chamber, on a cryptic note  
'Cos where there's fire, there's gotta be smoke, oh no  
Footsteps in the twilight, and red nails 'round his throat

[Rhy. Fig 6]  
It's a ritual slaying, without strings attached, oh no  
And now he's praying, but there's no turning back

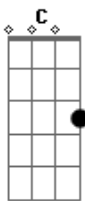

[Rhy. Fig 1]  
Like a thief in the night - she breaks into his heart  
Like a thief in the night  
[Rhy. Fig 3]  
Like a thief in the night - she never leaves her mark  
Like a thief in the night - alright, alright

[Rhy. Fig 7]

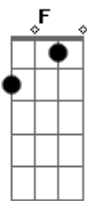

[Rhy. Fig 1]  
Like a thief in the night - she breaks into his heart  
Like a thief in the night - alright, alright  
[Rhy. Fig 4]  
Like a thief in the night - she never leaves her mark  
Like a thief in the night

[Rhy. Fig 1] (repeat and fade)  
Like a thief in the night  
Like a thief in the night  
Like a thief in the night  
Like a thief in the night
