

# Kita - You

Tom: G

Em C  
Your lies built the world you reside in

Em  
You'll fill up your mouth with pride,

C  
you're so brave to deny

B  
But it's become so obvious, for all of us

C B  
ridiculous, you are so predictable!

C  
I bet you don't realize

Em  
I know you're not into yoga

C  
But you should give it a try?

(chorus)

Em Em Em (riff) C Gb  
Hey, you! Hey You!

B  
All dressed up in pride

Em Em Em (riff) C Gb  
Hey, you! Hey You!

B  
Don't act so surprised

Em C G  
Hey You! Hey you!

B C Gb  
?cause I'm no buying

B  
Hey, you!

Em C  
You're blinded by the voice in your mind

Em  
Telling you that you're right

C  
It's a shame you're still lost in this game

B  
Got caught up in stupid things, and the irony

C B  
Is that is flattering that I am always the reason

C  
If you need someone to blame

Em  
You're quite a fan of evading,

C  
But there's no way to escape

Em C G  
All you've done has torn me up inside

B  
And made you my owner

Em C G  
All your laws have taken what is mine

B  
So you could step on it

Em Em  
But you've lost this right, so keep on walking
