

# KLB - A Garota de Ontem

Tom: C

(com acordes na forma de  
Capotraste na 5ª casa  
(intro) G C D G D

(riff)

Adeus é sempre triste, quando um se vai  
Aquele que ficar sozinho vai chorar  
Ele levou seus sonhos mas deixou alguém  
A garota de ontem hoje é de ninguém  
Ele cruzou o céu e foi pra outro lugar  
E ela sempre procurando aquele olhar  
Tão perto e agora, assim, tão longe, só a saudade vem  
A garota de ontem hoje é de ninguém

She doesn't know what's right

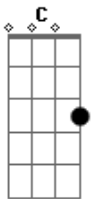

G )

She doesn't know what's wrong  
She only knows the pain that comes from waiting for so long  
And she doesn't count the teardrops  
That she's cried while he's away  
Because she knows deep in her heart  
That he'll be back someday  
( G C G D G E )

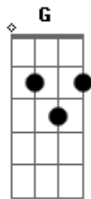

(solo)

Mas, quem sabe, amanhã ao tocar o telefone  
Ela volte a ouvir a voz daquele homem  
She dreams of his returnig and the things that he might say  
A garota de ontem hoje é de ninguém  
Yeah, she'll always be the girl from yesterday...
