

Knuckle Puck - Oak Street

Tom: Eb
Intro: Ab Bb Cm Bb

Should I let the words flow from my mouth right down your street
(While you're still home), I hope you'll hear me
Cause if I feel this low again I'll scrape the deep end
But maybe then I'll stop pretending (Yeah, maybe then I'll stop pretending)
That things just felt so cancerous for a while (I'm in the in-between)
Like new buffalo and oak street
I hope the thought of me keeps you away from the beach
(Cause don't care if you can't sleep)
No, I don't care if you can't sleep.
Don't think I care if you can't sleep
(Ab G Bb)
