

## **Knuckle Puck - Oak Street**

```
Intro: Ab Bb Cm Bb
Should I let the words flow from my mouth right down your
( While you're still home), I hope you'll hear me
Cause if I feel this low again I'll scrape the deep end
                       G
But maybe then I'll stop pretending ( Yeah, maybe then I'll
stop pretending )
                        Fb
                                     Bb
That things just felt so cancerous for a while ( I'm in the
in-between )
Like new buffalo and oak street
                                Bh
                         Eb
                                             Ab
I hope the thought of me keeps you away from the beach
Ab
( Cause don't care if you can't sleep )

```
Cause if you see me I'll be skipping memories I swore I'd keep
with me
Ah
In constant hopes that they'll erode just like the glass we'd
( Left to rot in a window well ). They're left to rot in your
window well
                                   Bb
Some things just felt so cancerous for a while ( I'm in the
in-between )
Like new buffalo and oak street
I hope the thought of me keeps you away from the beach
( Cause I don't care if you can't sleep )
            G
                          Ab - Bb - Cm - Bb
No, I don't care if you can't sleep
When I close my eyes
I feel your summer skin
It pulls me apart and rips me open
When I close my eyes
I feel the warmth of the sun
                                  Bb
It takes me back where I was where my youth was stolen
```
