

# Kodaline - Autopilot

	tom:	
<b>Eb</b>		<b>Eb</b>
I'm trying to connect with you		You don't enjoy the taste
To see the world the way you do	<b>Eb</b>	<b>Ab</b>
Try 'n' understand what's in your head	<b>Ab</b>	I just need a place to hide
I'm hearing what you said	<b>Eb</b>	Somewhere to make you right
'Cause I wanted to say	<b>Ab</b>	<b>Eb</b>
When I see you this way	<b>Eb</b>	If this isn't what you want
Don't ever let it break your heart	<b>Ab</b>	Head back to your own haunt
I'll go back to the start	<b>Eb</b>	<b>Ab</b>
I'll watch you fall apart	<b>Ab</b>	And you'll find the missing piece
<b>Eb</b>		Not just a big relief
Feels like an empty space		<b>Cm</b>
You don't enjoy the taste		Maybe you lost control
<b>Ab</b>		<b>Bb</b>
I just need a place to hide		Fallen into a hole
Somewhere to make you right		<b>Db</b>
<b>Eb</b>		The way that it was before
If this isn't what you want		<b>Ab</b>
Head back to your own haunt		It's all that you're looking for
<b>Ab</b>		<b>Cm</b>
And you'll find a missing piece		A lover is all you need
Not just a big relief		<b>Bb</b>
<b>Cm</b>		Someone that you can read
Maybe you lost control		<b>Db</b> <b>Ab</b>
<b>Bb</b>		Day in and day out
Fallen into a hole		<b>Bb</b>
<b>Db</b>		Means this one is all, all about
The way that it was before		<b>Eb</b> <b>Ab</b>
<b>Ab</b>		Somebody, you need
It's all that you're looking for		<b>Ab</b> <b>Eb</b>
<b>Cm</b> <b>Bb</b>		Somebody, you need
You just need to take a step back		<b>Eb</b>
<b>Eb</b>		Feels like an empty space
This autopilot kicking in		You don't enjoy the taste
<b>Ab</b>		<b>Ab</b>
You're feeling like you'll never win		I just need a place to hide
<b>Eb</b>		Somewhere to make you right
Hey, maybe I can help you out		<b>Eb</b>
<b>Ab</b>		If this isn't what you want
Don't fall into your doubt		Head back to your own haunt
I hear you screaming out		<b>Ab</b>
		And you'll find the missing piece
		Somebody that you need
		<b>Eb</b> <b>Ab</b>
		Somebody, you need
		<b>Ab</b> <b>Eb</b>
		Somebody, you need
