I see you layin' there with me

Like my missing puzzle piece  
Bm G  
Dreaming of what we could be

Bm G  
We had the songs that we sang along to  
A D  
You had the moves to make me dance with you  
Bm G A D  
I always saw you reaching and catching stars  
Bm G  
We had the thing that everyone wanted  
A D  
Hung on your sleeve, you wore your heart on it  
Bm G A  
Did you get out I'm wondering where you are?  
  
(Did you follow your, follow your fire?)
