

Kodaline - Talk

Tom: Db

(com acordes na forma de Capotraste na 1ª casa Intro: C)

I can remember the good ol' days
 Where you and me we used to hide away
 Where the stars were shining or the sun was blinding our eyes
 Yeah, you filled up my glass
 With promises that could never last
 But I still find pieces of you in the back of my mind...
 And all of the things that we once said
 Are not in my heart they're in my head
 That was time to say goodbye
 Let's put it to rest yeah let it die...
 'Cause we don't - we don't need to talk about this now
 Yeah we've been down that road before
 That was then and this is now
 The crowds in my heart they been calling out your name
 Now it just don't feel the same
 Guess it's over yeah we're done
 I heard you made your way down town
 To the place I been hanging around
 I was looking for your face in the crowd
 But trying keep my head down...

Over time our wires crossed
 When you changed and the truth got lost
 All the things I would change
 If we could only re-wind
 You were a moment in life that comes and goes
 A riddle a rhyme that no one knows
 A change of the heart a twist of fate
 Couldn't fix it it's too late
 'Cause we don't - we don't need to talk about this now
 Yeah we've been down that road before
 That was then and this is now
 The crowds in my heart they been calling out your name
 Now it just don't feel the same
 I guess it's over yeah we're done
 Ohhhhh...
 Ohhhhh- ohh ohh
 Ohhhhh...
 ohhhhhh
 we don't - we don't need to talk about this now
 we don't - we don't need to talk about this now
 we don't - we don't need to talk about this now
 we don't - we don't need to talk about this now
