

Kon Kan - I Beg Your Pardon

tom:

Intro: G C D G C D

There once was a time and there once was a way
 We had something going and to my dismay
 Attention to me seemed to drift though I don't know where

And when we're alone seems there's nothing to say
 I bring up a topic and you push it away
 You say that you do but I think it's just you don't care

Why do I feel you're using me

[Solo] G C D G C D

Are we an item or are we just two
 I need some commitments all I ask of you
 Your life's stock can change
 Don't be afraid what you think is in store

I know what's on your mind you've got lots to lose
 Your shallow acquaintances what's there to choose
 You won't get too deep even though I'm worth so much more

So think about it carefully

[Refrão]

Smile for the while and let's be jolly

We shouldn't be so melancholy
 Come along and share the good times while we can

[Solo] G C D G C D

[Ponte]

(Yeah, one)
 Do you want to hustle? (three, that's right)
 (One)
 Do you want to salsa? (three, that's right)
 (One)
 Do you want to hustle? (three, that's right)
 (One)
 Do you want to salsa? (hey!)

If that's how you want it, that's how it'll be
 There's no use in trying or making you see
 That love don't come easy you don't know what it's about
 To get things together won't take any pain
 Don't need to see or hear from you ever again
 From this day on listen but no more
 Please count me out
 And you know what I'm talking about

[Refrão]

Smile for the while and let's be jolly
 We shouldn't be so melancholy
 Come along and share the good times while we can

I know now's the time that I went to find something new
 You know it's your crime that I'm out to find someone too
