

Kris Kristofferson - You Don'T Tell Me What To do

Tom: **D**

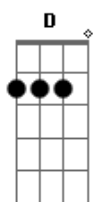

So the highway is where i believe i belong **D** **A**
 Losing myself in the soul of a song **D**
A And the fight for the right to be righteously wrong **D**
 It's a story that's sad but it's true

D So i sing my own songs
 And i drink when i'm thirsty
A And i will go on
 Making music, and whiskey,

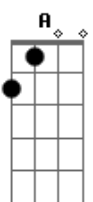

And love for as long **D**
 As the spirit inside me **A**
 Says you don't tell me what to do **D**

G Gone are the reasons for changing my mind **D**
A Gone like the future that i left behind **D**
G If you want to i warn you
 You're wasting your time **D**
A You don't tell me what to do **D**
