

# Kris Kristofferson - You Don'T Tell Me What To do

Tom: **D**

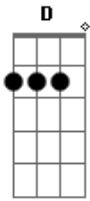

So the highway is where i believe i belong **D** **A**  
 Losing myself in the soul of a song **D**  
**A** And the fight for the right to be righteously wrong **D**  
 It's a story that's sad but it's true

**D** So i sing my own songs  
 And i drink when i'm thirsty  
**A** And i will go on  
 Making music, and whiskey,

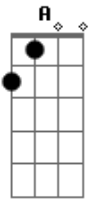

And love for as long **D**  
 As the spirit inside me **A**  
 Says you don't tell me what to do **D**

**G** Gone are the reasons for changing my mind **D**  
**A** Gone like the future that i left behind **D**  
**G** If you want to i warn you  
 You're wasting your time **D**  
**A** You don't tell me what to do **D**
