

KT Tunstall - Mountain

tom:
 Capotraste na 2ª casa
 Intro: Em

[Primeira Parte]

Em
 See out the side of my eye
 A pick-pocket city in darkness
 Bodies shifting, I am drifting
 Through the sodium light
 Em
 Mind feels like an alarm
 Heat like it's trying to harm me
 Em
 Body twitching
 Something missing in my soul tonight

[Pré-Refrão]

Em
 Scream of a siren
 Em
 Bow my head as another one goes down

Gotta get gone

Gotta get gone

Gotta get gone

[Refrão]

You will find me
 On the mountain
 Where the ground is
 Dadd9
 Welcome in the Sky
 There is paradise
 In the loneliness
 But I'm counting on you coming by

[Segunda Parte]

Em
 Driving in my car
 Em
 Sound of the city is fading

Em
 I am trading in this tension
 For the dying light
 Em
 Wanna see the stars
 Em
 Wanna feel the radiating nature
 Of a place where I am
 Out of sight
 [Pré-Refrão]
 Em
 No more trying
 Em
 To go against the flow of what I need
 Gotta get free
 Gotta get free
 Gotta get free

[Refrão]

You will find me
 On the mountain
 Where the ground is
 Dadd9
 Welcome in the Sky
 There is paradise
 In the loneliness
 But I'm counting on you coming by
 Ohh you will find me
 Ohhh on the mountain
 Where the ground is
 Dadd9
 Welcome in the Sky
 There is paradise
 In the loneliness
 But I'm counting on you coming by
