

KT Tunstall - Still a Weirdo

Tom: C

(intro) F G Am F G C

No I know I took for granted that things
 Would always go the way I wanted
 Oh I was going to be a treetop
 A sea, a boat, a rock of ages

I dont always get it right
 I'd see it in a different kind of light

Pay my lip service
 Keep it eloquent
 Optimistic but
 Never quite elegant
 Still a weirdo
 Still a weirdo,
 After all these years

(C E C E)

I'd always thought it's automatic
 To grow into a soul less static
 But here I am upon the same spot
 Attempting to lift off into space

I dont always get it right
 But a thousand different ways and I just might

Pay my lip service
 Keep it eloquent
 Optimistic but
 Never quite elegant
 Still a weirdo
 Still a weirdo,
 After all these years

(Bm E D Gb G E Bm E D Gb G A)

Pay my lip service
 Keep it eloquent
 Optimistic but
 Never quite elegant
 Still a weirdo
 Still a weirdo,
 After all these years
 Still a weirdo
 Still a weirdo,
 After all these years
 After all these years
