

# KT Tunstall - Thought The Dark

Tom: G

As I walk away  
 I look over my shoulder  
 To see what I'm leaving behind  
 Pieces of puzzles  
 And wishes on eyelashes fade

Oooooh!  
 How do I show all the love  
 Inside my heart

Well this is all new  
 And I'm feeling my way through the dark  
 G, C, G, C, G, C, G

And I used to talk  
 With honest conviction  
 Of how I predicted my world  
 I'm gonna leave it to star gazers  
 Tell me what your telescope says

Em G

Oooooh!  
 what is in store for me now?  
 It's coming apart

I know that it's true  
 'cause I'm feeling my way through the dark

Am D  
 Try to find a light on somewhere

Am D  
 Try to find a light on somewhere

Am Am7 Eb G,G  
 I'm finding I'm falling in love with the dark, oh yeah

Oooooh!  
 what do I know I don't care  
 Where I start  
 For my troubles are few  
 As I'm feeling my way through the dark  
 Through the da...rk  
 I'm feeling my way through the dark C,G,C,G...
