

Kygo - Coming Over (feat. James Hersey)

tom:
Capo: Ab (forma dos acordes no tom de G)
Intro: G Am Em D
G Am Em

Is it alright if I come 'round
Is it too late if I come now
Would you stay up to figure this out
Some way

If I stay here would you come back
If I stay cool would you be mine
Would you want me if I want you
That way

Cause all I can think about is
Coming over, coming over

All I can think about is
Coming over, coming over

All I can think about is
Coming over, coming oh, coming ove-er

Isn't it strange
Oh oh oh oh

Isn't it strange
This so-o-o-ong

Isn't it strange
Oh oh oh oh

Isn't it strange
This so-o-o-ong

Isn't it strange that every time
I look at your name I'm suddenly high
For you to feel the same I would do almost
Anything

I'd give away this, give away that
All of my shoes, all of my hats
All I need's you and a bit of music

Cause all I can think about is
Coming over, coming over

All I can think about is
Coming over, coming over

All I can think about is
Coming over, coming oh, coming ove-er

Isn't it strange
Oh oh oh oh

Isn't it strange
This so-o-o-ong

Isn't it strange
Oh oh oh oh

Isn't it strange
This so-o-o-ong
