

Kygo - Stranger Things (feat. OneRepublic)

tom:
 Gb (forma dos acordes no tom de F)
 Capostrate na 1ª casa

Ah, stranger things
 We're like, we're like a stranger things (very far)

We're stranger things (dream of places at)
 'Cause that's just who we are

We used to run around this ghost town
 Always thinking out loud
 Are we gonna get out

I remember
 We dream of places that we could go
 Castles with the strange glow
 People that we don't know

I remember

We left a life

That's ordinary from the start
 We looked for stranger things

'Cause that's just who we are
 Found me the edge of something beautiful and loud
 Like I'm picturing now

Castles glitter under Spanish skies
 But I'm just looking after you tonight
 Snow white mountains in a foreign state
 Tell me someday we'll get there

Someday
 Someday

I see a Technicolor shadow
 Underneath your window
 Just in case you don't know

I can see it
 You cast an unfamiliar day glow

Different than what I know

Shining like a halo

I can feel it

We turned our back on ordinary from the start
 We looked for stranger things

'Cause that's just who we are
 Found me the edge of something beautiful and loud
 Show me the sky falling down

Castles glitter under Spanish skies
 But I'm just looking after you tonight

Snow white mountains in a foreign state
 Tell me someday we'll get there
